## ***Desierto***

Jonás Cuarón, Mexico (World Premiere)

Moises is traveling by foot with a group of undocumented workers across a desolate strip of the border between Mexico and the United States, seeking a new life in the north. They are discovered by a lone American vigilante, Sam, and a frantic chase begins. Set against the stunningly brutal landscape, Moises and Sam engage in a lethal match of wits, each desperate to survive and escape the desert that threatens to consume them. Starring Gael García Bernal and Jeffrey Dean Morgan.

## ***Remember***

Atom Egoyan, Canada (North American Premiere)

Remember is the contemporary story of Zev, who discovers that the Nazi guard who murdered his family some 70 years ago is living in America under an assumed identity. Despite the obvious challenges, Zev sets out on a mission to deliver long-delayed justice with his own trembling hand. What follows is a remarkable cross-continent road-trip with surprising consequences. Starring Academy Award winners Christopher Plummer and Martin Landau.
